

Featuring the  
**DRIVESAFE™** express

**The Single-Use Breathalyzer**

The DRIVESAFE express is a discrete, single-use breathalyzer. Measure your BAC quickly and conveniently.

The DRIVESAFE express contains crystals within a single tube. When the user blows through the tube, the crystals change colour upon detection of alcohol; the higher the alcohol concentration, the darker the pigmentation. The DRIVESAFE express contains four possible readings.

This device is hygienic, low in cost and compact. Weighing 5.7 grams (0.02 ounces) and measuring 100 mm x 11 mm in diameter (3.94" x 0.43"), the DRIVESAFE express can fit into any pocket, purse or briefcase.
